FLEW OVER CHANNEL

Unrivaled Feat of Bleriot The French Aeronaut.

FRANCE THRILLED WITH JOY

Bleriot Was First Ever to Cross English Channel in Air—Won World Fame and $5,000 Prize—Trip Was Easy.

(By Cable to the Morning Star.)

Dover, July 26.—This sleepy seaport town experienced the keenest thrill known in a generation when at sunrise Sunday morning a white-winged, bird-like machine, with loudly humming motor, swept out from the haze, obscuring the sea toward the French coast, and, circling twice above the highly chalky cliffs of Dover, alighted on English soil. A calm Frenchman, Bleriot, a portly and red-mustached man of 37, descended from the saddle, limping in a bandaged foot, which had been burned on his previous overland flight. Immediately two compatriots, who had been waving a big French flag as a signal for the landing place, fell upon him enthusiastically, embracing him, shouting and pounding him on the back. They, with a few English soldiers and others who happened by chance to be on the scene, were the only persons to witness the finish of a most remarkable feat.

Bleriot left Les Baraques, France, three miles from Calais, about 4:30 A. M., on one of the smallest monoplanes ever used. He crossed the Channel in a little less than half an hour, twice as swiftly as the fastest mail steamer. His speed averaged more than 45 miles an hour; sometimes it approximated 60 miles. He kept about 250 feet above the sea level and for ten minutes, while about mid-channel, was out of sight of both coasts, and also of the French destroyer which followed him, with his wife and friends aboard.

The wind was blowing about 20 miles an hour and the sea was choppy. The aviator was swathed in a single garment of drilling, impervious to the wind, which covered him from the top of his head to his feet, only his face showing. He wore also a cork life belt.

Ovation for Frenchman.

London, July 26.—Louis Bleriot, the Frenchman who made history yesterday by flying across the English Channel from Les Baraques to Dover, a distance of 21 miles, in the remarkable time of a little less than half an hour, and his famous little monoplane, both reached here today, the former to receive the monetary fruits of his achievements in the shape of a check for $5,000 and the latter to be placed on exhibition to the financial advantage of both a London hospital and the enterprising proprietor of the only American department store here.

The famous aviator is finding hero worship much more trying to endure than the strain of navigating the air. Remarkable scenes were again witnessed at Dover this morning when M. Bleriot returned there to attend a civil reception in his honor. The Frenchman was mobbed by the enormous crowds and the police had to come to his protection, so eager were the enthusiasts to greet him at close quarters.

Bleriot fever seems to have seized a large part of the populace of London. Those unable to see the flyer himself have been besieging the store where the compact little monoplane is installed among other traveling requisites, the machine being so small it looks like a large toy rather than the practical flyer which enabled its daring manipulator to carry out his epochal feat.

Numerous honors and medals are awaiting M. Bleriot on this side of the channel, the principal prize being a

OUTLINES.

M. Bleriot, the French aeronaut, on Sunday morning electrified the world by flying over the English channel, 21 miles in less than 30 minutes, being the first man to accomplish the feat, thus winning world fame, a prize of $5,000 in cash and many valuable gifts and medals——President Taft on his southern tour will be in Norfolk, November 17 to 20th——The tariff conferees at Washington probably will agree to free hides in exchange for lower duties on shoes and other leather goods; the lumber schedule will be taken up today——The evidence of Private Kennedy, of Norfolk, Va., at the naval inquiry investigating the death of Lieutenant Sutton offered some surprise. The officers who were directly connected with the affair had warned him to "keep quiet"——At New Bedford, Mass., yesterday, Robert Fanning slew his wife with a hatchet, and went to the police station, where he shot himself after telling of his crime——New York markets: Money on call easy 1 3-4 to 2 per cent., ruling rate easy, closing bid 1 7-8, offered at 2; spot cotton 5 points lower, closing quiet at 12.45; flour dull and easier; wheat weak, No. 2 red old nominal, No. 2 new 1.15 7-8 f. o. b. afloat; oats barely steady, mixed 55 nominal; turpentine firm at 51 1-4; rosin quiet, strained common to god 3:20.

MOB STORMED MEXICO CITY

Dissension Over Political Matters Caused Serious Trouble and Many Were Injured—Hotel Wrecked—Troops.

(By Wire to the Morning Star.)

Mexico City, July 26.—A mob broke up a meeting which was being addressed by orators who spoke in behalf of the election of President Diaz and Vice President Corral. The rioters shouted "Down with Diaz," "We want Reyes."

During the night they stormed the hotel Garcia where the Diaz orators had stopped. Every window in the structure was smashed and the bar, office and barber shop looted. The police charged the crowd again and again but were repulsed. State troops were called out and a number of volleys fired in the air without effect. Members of the mob erected a barricade and shots were exchanged between them and the soldiers. Six mounted gendarmes and two foot policemen were wounded. A four-year-old boy, a member of the lower class, is said to have been killed.

Considerable American property was destroyed and two American wounded. The Americans have asked the American consulate for protection. The names of the American wounded are thought to be W. H. Henton and H. M. Murphy.

No press messages have been received in this city from Guadalajara during the day, although commercial business is being transacted as usual. This lends color to a rumor that a censorship has been established by the Federal authorities.

Political speakers campaigning in the interest of Diaz and Corral on their way to the Delgado theatre where the meeting was to be held, were hooted and jeered. The crowds refused to allow a single orator to speak, drowning their voices with yells and driving them from the stage by hurling paper wads and occasional stones. When the party emerged from the building they were stoned, and Leon Rojas, a prominent lawyer, was struck on the head and badly injured. The automobiles, street cars and carriages in which they rode were also stoned, every bit of glass in the vehicles being smashed.

The mob grew bolder and wilder and practically every plate glass window in the downtown district was broken. The 10th Regiment was called out and with whose aid and that of a cordon of mounted police the speakers made their way to the special train. They arrived in Mexico City today.

The hotel Garcia, which was wrecked by the mob, is one of the largest hostelries in the Republic. It was leased by an American who has put in a claim for damages.

The last dispatch from the place said all was quiet. A heavy hail storm dispersed the mob which had taken up a position in the Plaza De Aras after breaking up all the benches and the grand stand.

The riot is the most serious that has occurred in Mexico in years.

MOORE'S CREEK CELEBRATION.

(Pender Chronicle.)

Currie, N. C., July 15, 1909.

Owing to the floods and storms of last year we did not appeal to the good women of Pender county to bring dinner to the Moore's Creek celebration, and many persons did not do so. This year we expect at least 5,000 people to be present and we hope that every family in the county who attends will bring dinner.

Let us maintain our generous and patriotic reputation making this free dinner famous and at the same time show our appreciation for the heroic acts of our brave forefathers.

Let it be known throughout the country that the Moore's Creek Battle Ground Association is the first patriotic association in the United States to honor woman in a permanent and perpetual manner as a potent factor in war.

Pender county should feel proud to claim within her borders this historic battlefield and her citizens should be willing to spend one day in the year to celebrate the victory won here.

Come, but don't forget to bring your basket.

Board of Managers—Dr. Geo. F. Lucas, Messrs. A. C. Moore, A. C. Ward, M. M. Bullard and J. E. Henry

JAS. F. MOORE, President.
E. E. MURPHY, Secretary.

The A. C. L. has promised to run a special train from Fayetteville to Currie on the morning of the celebration, leaving Fayetteville at 6 A. M. returning the same night and it is presumed that the usual low rates from this city with the privilege of returning on the freight train in the afternoon will be accorded to people from this section.

The second trial of Chester Kennedy at Barnwell, S. C., charged with complicity in the murder of Perry Ussery, was begun yesterday. The feature was the testimony of Quitman Johnson, whose evidence was contradictory to that he gave during the first trial. The first trial resulting in a disagreement, took place two weeks ago.

SUTTON WAS VICTIM

Private's Story Created Great Surprise at Inquiry.

KENNEDY A GOOD WITNESS

Told of Incidents Prior to Fight That Will Reveal More Facts—Officers Warned Him to Keep Quiet—Witnesses.

(By Wire to The Morning Star.)

Annapolis, Md., July 26.—Today's session of the board of inquiry at the Naval Academy, which is investigating the circumstances surrounding the death of Lieutenant James N. Sutton, of the marine corps, who was mysteriously shot two years ago, afforded some surprise in the testimony given by Charles W. Kennedy, now a private in the marine corps, at Norfolk, and Surgeon A. D. McCormick, U. S. N.

Kennedy dropped into the situation like a bolt from a clear sky and told a frank, straightforward story of some of the incidents prior to the shooting which had not been mentioned by any of the young officers who have already testified. Though an eye-witness to the earlier encounter between Sutton and Lieut. Adams on the night the former was shot, Kennedy's name has not been mentioned by the witnesses concerned in the affair. His testimony supported the contention of Sutton's mother and sister that Sutton did not seek the fight with Adams and the other officers. In attacking his credibility, Major Leonard, the judge advocate, showed he had been disciplined on several occasions.

Kennedy said he had been reluctant to mention his part in the affair because Lieuts. Utley and Adams, his superiors, had admonished him to "keep quiet." On his way to relieve a sentry he had come upon Sutton, Adams, Osterman and Utley in an angry argument. "Adams, if you want to fight I'll fight you," he heard Sutton say, the witness testified. They fought hard for a few minutes and Sutton's face was bloody, when Lieut. Utley interfered. A second time he saw Adams and Sutton come together as he was going away to his post, Kennedy said. Half an hour later Kennedy heard the shots from his post at the naval hospital. Soon after Adams appeared and told Kennedy that Sutton had shot himself. Utley also told him that Sutton had killed himself, the witness said. Next morning they both cautioned him not to say anything about the affair. On the following morning, the witness said, he saw Lieut. Utley go to the edge of the parade grounds and pick up a 32 calibre Colt service revolver.

Kennedy's testimony was not shaken by the cross-examination of Adams' counsel, Mr. Bierney, nor by that of Major Leonard.

Dr. McCormick was present at the autopsy held on Sutton's body and examined the bullet wound, he testified. He located the wound back of and slightly above the right ear, while Dr. Pickrell testified it was near the top of the head.

There are no other navy witnesses on hand, and it is expected Mrs. Sutton and her daughter will testify tomorrow.

To substantiate Kennedy's testimony lawyers Davis and Vandyke, Mrs. Sutton, Mrs. Parker and several newspaper men went to the parade grounds after the adjournment and took the various positions from which the witness said he saw and heard the fights. Lawyer Davis said afterward that their case would rest principally on the testimony of Kennedy and Mrs. Parker.

PRESIDENT TAFT IS COMING.

Will be in Norfolk November 17-20. On His Southern Tour.

(By Wire to The Morning Star.)

Washington, July 26.—President Taft today accepted an invitation to attend the convention of the Atlantic Deeper Waterways Association to be at Norfolk, Va., November 17-20. The President expects to be in Norfolk November 19. The following day he will go to the Hampton normal institute to deliver an address. The convention originally was set for October but the day was changed to suit the President's convenience.

The delegation which extended the invitation included Senator Simmons, of North Carolina, Representative Small, of North Carolina; Maynard, of Virginia, and Moore, of Philadelphia.

The delegation invited the President's attention to the project known as the Boston-Beaufort Waterways with its extension to Key West and along the Gulf of Mexico to New Orleans. The project calls for an inside passage by water through existing canals and rivers, a distance of 1,800 miles down to Atlantic coast.

Work has begun upon a section of this waterway between Norfolk and Beaufort, N. C. The work of constructing a canal through Cape Cod also is under way. The principal argument in favor of the continuance of the inland passage is the evidence of outside danger points around Cape Cod, Cape Hatteras and the several shoals along the coast.

TARIFF CONFEREES

Fight For Free Hides and Cheaper Shoes in House Yesterday.

THAT LOOKS LIKE PROGRAMME

All Leather Manufactures to be Reduced—Lumber Schedule Will be Disposed of Today—Other Matters of Difference.

(By Wire to The Morning Star.)

Washington, July 26.—Hides will be put on the free list if boots and shoes and other manufactures of leather are reduced below the rates fixed by the House bill. Unless the advocates of free hides are able to carry out this bargain, the who'e programme is to be called off. A decision to this effect was reached by the tariff conferees today.

The conferees adjourned tonight until 11 A. M. tomorrow but the House members will assemble half an hour earlier to plan for executing their part of the agreement that they will have a report from the House leaders as to the possibility of passing a rule conferring jurisdiction upon them to agree to lower rates on leather than those named in the House bill.

Senator Aldrich has informed Senators from Northwestern States that he will not consent to the abolition of the duties on hides unless there is a material cut in the rates on boots, shoes and other leather goods. Senators from cattle raising States insists that the only way consumers can get any benefits from the removal of the protection on hides will be by corresponding reductions in the duties on boots and shoe and harness.

If for any reason, anything should occur to upset the plan to give the conferees jurisdiction to adopt rates lower than those named by either house, the conference committee is holding, what is regarded as a trump card in reserve. This provides for the separation of a conference report putting hides on the free list and reducing the rates on shoes and other leather manufactures.

The report, it is said, then would be presented to President Taft and it would devolve an appointment to secure its support. In the event of failure the conferees would submit a report placing a small duty on hides and the House's rates on leather.

Few of the conferees believe it will be necessary to resort to such tactics, however, for all of them realize that the criticisms usually heaped upon men most who oppose the administration view mawe men hesitate to combat the President's will. On that account, it is believed the compromise giving shoes and other manufacturers of leather in turn to hides will be adopted.

The programme on which the conferees are working is as follows:

Hides, free, as provided by the House, against the Senate rate of 15 per cent. ad valorem.

Sole leather five per cent. the same as in the House bill as against the Senate rate of 15 per cent.

Dressed upper leather 7 1-2 per cent., as against 10 per cent. in both the House and Senate bills.

Boots and shoes 10 per cent., as against 15 in the House bill and 20 in the Senate bill.

Saddlerly and harness 20 per cent., as against 35 per cent. in the House bill and 40 per cent. in the Senate bill.

According to Senator Warren, the story that beef packers are engaging extensively in the tanning business and will be the principal beneficiaries of a duty on hides, has been used by the "free hide lobby" in manufacturing sentiment against the protection asked by the cattle industry. He denied that the beef packers are able to control the leather market.

Senators intrusted with the task of canvassing the Senate, reported today that it would be impossible to adopt a report providing for free hides. These Senators conferred with some of the House leaders and were informed that under present conditions it is just as impossible to pass grown or produced in the islands in order to be admitted free to the United States. The President took the position that this amendment would stifle manufacure in the islands.

Steps were taken today toward the final disposition of the woodpulp and print paper schedule, although it is understood no rates were definitely fixed.

It has been unofficially reported that a duty of $3.75 a ton would be agreed to on print paper, but Representative Mann, chairman of a special committee appointed to make a thorough inquiry into the print paper question, after coming from the conference room today, said:

"I will not vote for the conference report if it provides for a duty on print paper that is above $3 a ton."

The $3 rate is one dollar less than the Senate rate and $1 more than the House rate.

It is generally understood that a vote will be taken tomorrow on coal, oil, lumber, hosiery, gloves, print paper and iron ore. It was announced that if action is taken, all of the conferees will be sworn not to divulge the conference rates in advance of the presentation of a report to the House.

JEROME AGAIN IN THAW CASE

White's Slayer and the District Attorney Sat Side by Side and Talked Like Old Friends—Dr. Evans as Witness.

(By Wire to the Morning Star.)

White Plains, N. Y., July 26.—Alienists today began their slow march across the stage in the Thaw case. The efforts of Stanford White's slayer to obtain his release from the Mattewan asylum for criminal insane are culminating in the testimony of the experts, called to prove him sane, and when they are thorough the prisoner will take the stand himself. His attorney, Charles Morschauser, said today that he might put Thaw on tomorrow morning but he may not reach the stand until Wednesday. In two respects the hearing today was a reminder of the two homicide trials which Thaw underwent. District Attorney Jerome, of New York, at the request of the attorney general's office appeared in court and took entire charge of the State's case.

Mr. Jerome and Thaw sat so close together that their chairs touched but if the prisoner had any fear of the man who prosecuted him his face did not show it. All but one of the witnesses were Thaw's today and his equanimity was undsiturbed.

At times he and the New York attorney chatted and smiled like old friends re-united.

SPANISH-MOROCCO WAR.

General Strike Followed by Martial Law at Barcelona—Rioting.

(By Wire to The Morning Star.)

Barcelona, July 26—A general strike was declared here today as a protest against the Spanish-Morocco war. The government replied by proclaiming a state of siege which is equivalent to martial law.

Madrid, July 26.—The following is the official expjlanation of why martial law was proclaimed today at Barcelona: The workmen and democratic organizations in Catalonia province were forbidden to hold meeting protesting against the war in Morocco and this morning at Sabadell, a town ten miles northwest of Barcelona, a general strike was declared. The workmen made manifestations in the streets, cut the telegraph wires and surrounded the station, preventing a train from leaving for Barcelona. The mounted civil guard after firing their revolvers in the air succeeded in clearing the station and the train left, but it was obliged to return as the track was torn up outside the city. Simultaneously a general strike began at Barcelona. In view of the seditious character of the movement a state of siege was declared and the movement will be energetically suppressed.

Alhucemas, Morocco, July 26.—Twelve thousand Moors are reported to have left this region to join the tribesmen in front of Melilla where trenches are being built along the heights. Reports of a Spanish defeat and the loss of three guns are being circulated among the tribesmen. The Marabouts are inflaming fanaticism by preaching a holy war.

BREEZE TRIAL IN ASHEVILLE.

Two Defendants on Charge of Conspiracy to Defraud Bank.

(By Wire to The Morning Star.)

Asheville, N. C., July 26.—Motion for postponement by the defendant's counsel being denied, the trial of William E. Breeze and Jos. Dickerson on the charge of conspiracy to defraud the First National Bank, of this city, which failed in July, 1897, was begun before Judge Newman in the United States District Court today.

When court adjourned for the day a jury had not only been selected, but part of the documentary evidence on which the United States relies to support the claim of conspiracy had been introduced. Tomorrow District Attorney Holton will outline the government's case to the jury.

KILLED BY SOUTHERN TRAIN.

Greensboro Youth Run Over Near Clayton Sunday Night.

(Special Star Telegram.)

Raleigh, N. C., July 26.—Adam Trull, 19 years old, who hal left Greensboro for a hobo tramping experience, was killed on the Southern Railway track near Clayton, the indications being that he was asleep on the tracks. His body was found this morning completely severed. Owen Murray was arrested on suspicion of the murder, but was released. Murray is from Salisbury and was tramping with Trull. The passenger train due in Raleigh last midnight evidently killed Trull.

Foy W. Dulaney, former circuit court clerk of Washington county, Tenn., charged with embezzlement of large sums from that office is under arrest at Kingston, Jamaica. It is said he will not resist extradition. Dulaney disappeared from Johnson City about five weeks ago, leaving an alleged shortage of some $20,000.

For a second time a jury made a mistrial in the case of Riley and Tillman Mills at Sneedsville, Tenn., charged with the murder more than a year ago of their stepmother. Mrs. Mills was shot from ambush while in her bedroom preparing to retire.

It was most gratifying news that the wires brought into the electric matinee at Struthers' yesterday, Wilmington 4; Wilson 2. The Agile Ashton and Howard were on the slab for the locals and although the Tobacconists are credited with 12 hits while the Sailors garnered only six off Withers, Ashton and Howard's teammates played such magnificent ball behind them and the bingles were so scant and scattered that the victory came comparatively easy.

The local team presented a decided change in line-up, Nichols and Guerrant being Station 2 and 3, respectively, as usual, but Ross was on first while Sharpie was continued at short and Levy was sent to rightfield, Capt. Dick being still out of the game on account of an injured thumb. From the detailed account of the game, it must have been a close one. In the first period after Nichols had fouled out to catcher, Guerrant took a stroll; Ross hit to pitcher too hot to handle and then Brodie came up and flew to centre while Guerrant was caught at second. For Wilson Streaser was given a hit on one too hot for Nichols to handle but he was immediately out trying to steal second; Cooper fanned and Armstrong was out short to first.

Levy, Sharp and Jayes were out in order for Wilmington in the second, the latter fanning while Mills started Wilson's half with a single to centre and was sacrificed by Miller but Zanelli was out third to first and Bird fanned.

Kite, Ashton and Nichols were up and down in the third and after Gravely for Wilson had fouled out to catcher, Withers swatted one to left for two cushions but he was caught at third on Ashton's quick throw of Streaser's hit; Cooper was safe on what was called a hit to Guerrant but Armstrong fouled to catcher.

In the fourth Guerrant beat out a bunt and was sacrificed by Ross; Brodie then sent a screamer down in centre and Gl. scored, Brodie making two bases out of the drive. But the pity was Levy fanned and Sharp was out to first unassisted. Mills, Miller and Zanelli for Wilson were out from the infield.

In the fifth Jayes was hit by pitched ball and Kite sacrificed him and while Ashton was flying to short, he stole third but died there when Nichols fouled out to first. Wilson got busy in the fifth and after Bird flew to third, Gravely hit to centre for an extra cushion; Withers followed it up with a single and Streaser hit to Sharp who caught Gravely at home; then Cooper clouted one to left for a couple of sacks and Withers scored while Streaser went to third; Armstrong fanned.

In the sixth after Guerrant fouled out to first, Ross peeled the hide off one to left for three bases and after Brodie had been given transportation Levy up and singled to centre, bringing Ross under the wire, Brodie going to third and Levy to second on the throw-in; then Sharp hit a scorcher to short who threw wild home and Brodie scored; Jayes was out pitcher to first but in the meantime Charp had stolen second while Kite ended the agony by going out third to first. Mills started Wilson's sixth with a single to centre and after Miller flew out to third, Zanelli singled to Jayes and Mills was caught out between second and third, Zanelli going to second; Bird hit to sharp and Zanelli was thrown out trying home.

In the seventh after Ashton and Nichols flew out, Guerrant showed his former teammates a touch of high life with a swat to right for three bases and came home on a passed ball with Ross at bat; Ross flew to centre. In Wilson's half Howard went in for the Sailors and though Gravely, first up, hit safely by short and was sacrificed by Withers, Streaser fanned and Cooper was out second to first.

Brodie started the eighth with a bingle over third and was sacrificed by Levy but the Oriole was out at third on Sharp's hit to pitcher while Jayes was out third to first. Armstrong started Wilson's eighth with a single to centre but was out trying to

INCREASED COST OF CLOTHING.

Even though the Aldrich bill has not yet been adjusted between the Senate and House conferees and President Taft, some of the protective schedules have raised a howl all over the country. This is notably so with reference to the wool and woolen goods schedule, which, if allowed to stand as Senator Aldrich has fixed it up, the cost to the wearers of woolen wear of all kinds in the next year will be increased $200,000,000. Already general advances of from 20 to 25 per cent. in prices have been announced by the woolen manufacturers on all popular grades of woolen goods. In men's suits alone buyers must pay $120,000,000 more than former prices.

This is a striking and forcible illustration to the consumers, to the wearers of clothing, of the serious burden which an unreasonably high protective tariff lays upon the people, and the clothing wearers are thus brought face to face with the fact that it is they who pay these high tariff taxes and not the foreigner whose goods in a great many instances are actually prohibited from coming into competition with American manufactures. This is a foretaste the people are getting of the Aldrich tariff, and the clothiers and their customers are being heard from.

In this connection, the attention of The tSar has been directed to the statement of a special committee from the National Association of Clothiers, which recently protested to Congress against the alleged inequalities and discrimination of the wool schedule in the tariff bill now pending. Aside from the merits of the protest, it is interesting to note from the report what an extensive interest is affected by this schedule of the proposed bill.

The association is composed of 97 per cent. of the leading clothing manufacturers of the United States and the report makes the remarkable showing that the industry is the third largest in the country, the value of its output being six hundred millions of dollars annually. As is well said, the business ramifies into every city and town in the United States and the retailers are the best type of those engaged in mercantile pursuits. Certainly an industry of such large proportions and enlisting the energies of such a class of dealers deserves the highest consideration at the hands of the National lawmakers. The woolen schedule adopted, it seems, apparently does not show any change from the Dingley bill and herein the National Association raises its protest, arguing that the Dingley wool schedule has had the effect of reducing the quality and diminishing the weight per yard, especially in the cloths out of which popular priced clothing is made, thereby making that class of clothing less durable. This is attributed to two causes: The specific duties on raw wools without regard to their fineness and shrinking qualities and the exaggerated so-called compensatory duties on woolen cloths. The clothiers set out that as the lower grades of coarse, greasy wools used largely by the carded wool manufacturers lose a great part of their weight in washing and scouring, and are sold frequently at prices considerably below 11 cents a pound. The duty of 11 cents on unwashed wools, or 22 cents on washed wools, or 33 cents on the same wools when scoured, amounts at times to several hundred per cent., while the same duty on high-priced, light wools, containing but little grease, used largely by the worsted manufacturers, amounts to as little as 23 per cent. The duty on woolen cloth, a compensatory duty of 44 cents a pound, plus a protective duty of 59 or 5* per cent. is based on the assumption that it takes four pounds of raw wool to make one pound of cloth. As a matter of fact, the clothiers say it takes a great deal less and as for the poorer grade woolens used in manufacture of cheaper clothing a considerable part thereof consists of shoddy and cotton, on which no duty is paid, and therefore no compensatory duty should be allowed, and thereby results in the imposition of duties all the way from 100 to 200 per cent. and over, the rates rising in inverse ratio to the value of the cloth.

The clothiers speak from direct experience in manufacturing, wholesaling and retailing clothing and the facts they present are not the averments of theorists. They state that the membership of the National Association is largely Republican protectionists, but they are confronted by an acute situation which forces them to demand a change in the tariff to enable them to clothe the great masses of the people satisfactorily at prices within their reach.

The protest of the clothiers is resulting in a strong movement to induce President Taft to bring influences to bear in having the woolen schedule re-written. The appeal is non-partisan, and Republicans in numerous States are appealing to their Congressmen to prevent this increased cost on the wearers of clothing.

It is true that the price of clothing would be increased anyhow, in spite of the tariff, because the price of wool has not only increased in this country but all over the world. However, when we add high tariff duties on to the naturally increased cost of clothing, the burden bears heavily. In England the price of clothing has been increased 12 per cent. on account of the increased price of wool, but the American woolen trust has put up American prices from 20 to 35 per cent. The price of wool has been advanced on the plea, here and in Europe, that increase of population has outpaced wool production but it will be noticed that the American trust has increased prices from two to three times greater than the increase in England, and then it must be taken into consideration that in England the per centage is based on prices already greatly below those on American clothing.

In the United States the prices of woolen wear are regulated by the National Association of Wool Manufacturers and the American Woolen Company, both of which have their headquarters in Boston, and which constitute the woolen trust. The few independent companies naturally follow the lead of the trust, and they have already adopted the trust advance figures.

The traditional man who dug a hole and got in it and pulled the hole in after him furnished a warning example to politicians. However, Republican Congressman Charlie Cowles was so "young and inexperienced" that he didn't know any better than to repeat the performance of the traditional man. P. S.—We have'nt said a word in the above about Charlie's bill to resuscitate the abnormally obnoxious and obstinately obliquitous reconstruction election measures.

Senator Aldrich has the rheumatism. We haven't the slightest doubt that if he asks Senator Dolliver for a remedy, the Iowa Senator will be glad to recommend the bee sting for a man who has spent the entire Summer preventing the tariff from being revised downward.

The comrades of Lieutenant Sutton, of the Navy, testified that while several of them were beating and kicking him, he committed suicide. He wanted to show them that there was an easier way to kill a man than by whaling the life out of him.

Another thing that makes us glad that we live in North Carolina is that we don't have to stand for anything like the Tucker-Mann wrangle that characterizes the Democratic primary campaign now stirring up the natives in Virginia.

A Virginian named Glass urges the State Legislature to pass a law to prohibit baseball. By the time the fans get done knocking him he'll be a sorry looking Glass.

At last accounts Peary had not reached the North Pole, nor had the conferees at Washington reached an agreement on the tariff bill.

President Taft probably had a tariff bill veto up his sleeve and invited Senator Aldrich to dinner so he could see it poke its head out when the President would pull up his sleeve in order to give his cuffs a chance.

CURRENT COMMENT.

—"Does downward revision mean downward from Dingley or downward from Aldrich?" asks the Baltimore Sun. Wait till the dickering is all done! Possibly it does not mean anything.—Louisville Courier-Journal.

—Statistics compiled of the establishment of new cotton mills in the United States for the first half of 1909, show North Carolina well in the lead. In this State 23 new mills were started, while the next highest State, Massachusetts, only had 11. North Carolina will some day rank as the leading State in the Union.—Greenville Reflector.

—We have seen the statement in several of the State papers that, under the law requiring all executions for capital crimes to be by electrocution in the penitentiary, the condemned person must be kept in the county jail until the time for the execution. The law is just the reverse. It provides that the condemned shall be taken to the penitentiary as soon as sentenced, unless an appeal to the Supreme Court has been taken. In such case the prisoner is to be kept in the county jail pending the appeal. But in cases of criminal assault, or where there is danger of lynching, the prisoner is to be taken to the penitentiary at once, even though there be an appeal.—Charlotte Observer.

TWINKLINGS.

—"What! Spend $100 on a bathing suit?" "Now, hubby, this isn't a bathing suit. This is a beach costume."—Kansas City Journal.

—"I don't have to be a darned fool to be a patriot," snapped the arguer. "Then," rejoined the arguee, "why do you do it?"—Cleveland Leader.

—Hotel clerk (to Uncle Hiram from the farm, who is minutely perusing the entries on the register)—"Just sign your name, please. The other guests would like to register?" Uncle Hiram—"Don't you try to hurry me, young man. I don't never sign nothin' that I don't read carefully."—Life.

The Piano Made to Stand the Southern Climate

THE chief enemy of a piano is *climate*, particularly the Southern climate, where extremes of temperature are so great and dampness so generally prevalent.

It soon plays rack and ruin with any piano not built to stand such conditions.

But *here* is a piano that *does* meet them—the

Mathushek Piano

Weather-proof from tuning pins to case. No matter how hot, cold, dry or damp the room may be, the Mathushek never loses its "pitch" or tone, because the tuning pins are so constructed as to always insure a uniformity of tension of the strings. The sounding board and case cannot warp, swell, crack or split.

These features, born of 40 years experience, make the Mathushek *the* piano for the South.

Style 20, shown here, is well worth $600. Its price is $450. Terms $25.00 down and as little thereafter as $10.00 a month. These are practically rental terms.

See it before buying any piano. 40,000 in use. Write for illustrated catalogue.

RECITAL AT ROCKY POINT

Given by Miss Dollie Rhodes' Muisc Pupils—Delightful Affair.

(Special Star Correspondence.)

Rocky Point, N. C., July 24.—A most delightful evening was spent at Mrs. I. D. Rhodes' when Miss Dollie Rhodes the hostess, pleasantly entertained a small and appreciative audience from 8:30 to 11 P. M., by a musical recital of her pupils, who are from little tots to 13 years old. Miss Rhodes herself only 17, is a pupil of Miss Cannie Chasten, of Wilmington, whose reputation might be said to be "Intra-State" in classical music. The following delightful programme was rendered with precision and accuracy that would have been extremely creditable to a graduating class in music:

"Don Juan Minuet," Mozart; "Rose Petals," Lawson; "Spinning Song," Elmenrich, by Iowa Durham, a tot of 11 years; "Chapel in the Mountains," Wilson, superbly rendered by Miss Fannie Casteen; "Flower Son," Lange; "Whisperings of Love," Kinkle, splendidly played by Miss Sarah Durham; "Black Eyed Susan," Streabbog; Danse Alsacienne," Thome, well played by little Miss Mary Williams; "Meditation," Morrison; "Consolation," Mendelssohn, by Miss Olivia Miller, a former pupil of Winston-Salem, but now under Miss Rhodes; "A Pleasant Morning Drive," Lichner; "Rhosebud Waltz" Pierce, by Miss Eloise Sparkman, atfer only six weeks instruction; "Emperor March," (duet) Franz Vonblon, finely rendered by Misses Olivia Miller and Sarah Durham.

Exquisite selections were rendered by Miss Rhodes and by Miss Katie Chesnut, another pupil of Miss Chasten's, thus reflecting the skilled professional symphony in an apt pupil. Selections on the piano and mandolin by Miss Rhodes and Mr. Arnold Rhodes, among them, "Home Sweet Home Variations," brought the house down with applause.

The finale, "Revery at Sunrise," a composition by Miss Rhodes, soft, low, deliciously sweet, a very morning dream in music, when nature assumes her most reseate hue. The curtain fell and all retired wishing for a repetition of this most delightfully spent evening.

SIMMONS ON CENSUS JOBS.

Believes That Supervisors Will be Chosen From Republican Ranks.

A. H. Pait, Esq., of this city, who has received strong endorsement for the appointment of census supervisor for the Sixth Congressional District, has received a letter from Senator Simmons in reference to his candidacy, in which he says that he will strongly urge the appointment of Democrats for these positions in the State but he believes that the Republicans will get the census jobs in North Carolina. This same opinion is expressed by North Carolina Congressmen. However, at the present it is a matter of speculation as to what action President Taft will take and is of considerable interest throughout the country. Senator Simmons further states that before the appointments are made he will confer with the Congressmen, and in this event it is likely that the Democrats who are seeking census jobs will receive consideration.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous For Wilmington People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Wilmington.

Mrs. M. E. Bordeaux, 510 S. Second street, Wilmington, N. C., says: "I can recommend Doan's Kidney Pills as I used them with good results. I had dull pains through my back and loins and some days they were so severe that I could hardly get about to do my housework. Added to this were too frequent passages of the kidney secretions, which caused me a great deal of annoyance. One box of Doan's Kidney Pills, procured from Robert R. Bellamy's drug store, stopped the backache and also disposed of the kidney weakness."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

LOCAL DOTS.

The Sunday train from Newbern brought 200 people to the city Sunday and the large crowd spent the day at Wrightsville Beach, returning at 8 o'clock at night.

—The schooner John H. May, Capt. Stille, cleared yesterday for New York with cargo of 372,748 feet lumber from Cape Fear Lumber Company; vessel by C. D. Maffitt.

—The large plate glass in the Y. M. C. A. building which was broken last week and also the one in DeRosset's book store broken a few days later were replaced yesterday by the Willson Paint & Paper Co.

—Mr. John S. Ramos, local representative of the Remington Typewriter Company, is confined in the James Walker Memorial hospital suffering from fever. He was carried there last week, being unable to take the trip to his home in Richmond.

—Policeman M. C. Huggins yesterday afternoon arrested Myers McNeal, colored, on the charge of stealing a dog collar and badge belonging to V. Williams, a negro woman. McNeal was recognized for his appearance in the Recorder's court today.

—The funeral of Mary Catherine Carroll, the three-months old daughter of Dr. and Mrs. T. B. Carroll, was held from the family residence, 411 Walnut street, at 11 o'clock Sunday morning, conducted by Rev. Father Dennen, and the interment was in Oakdale cemetery.

—One deed was filed for record yesterday. E. L. Sleeper to Anna and Minnie Topfer, of Brooklyn, for $825, an undivided 3-48 interest in three tracts of land, one situated in parts of New Hanover and Pender counties on Island Creek at the mouth of Miry branch, and the other two adjoining and lying in New Hanover county.

—Mrs. Ida Marine was arrested last night by Patrolman W. G. Brinkley on the charge of cutting Mamie Chadwick Sunday night She gave $25 cash bond for her appearance in court today. The police are informed that the trouble between the women was over Mrs. Marine's husband.

—The police were notified yesterday of the arrest in Norfolk, Va., of John Young, alias Henry Richards, colored, suspected of being wanted in this city on the charge of cutting another negro. The police know him, but say they have no charge against him. He served six months on the roads for cutting the negro.

—Rev. C. H. Sweet, of Dowling Park, Fla., is spending a few days in the city, and Sunday conducted the services at the Advent Christian church, of Wilmington. He preached two fine sermons and will remain here and hold services for three nights this week. The public is cordially invited to hear him.

—One of the premier outings of the season will be the excursion to Carolina Beach today, under the auspices of the Ladies' Aid Society of Fifth Street M. E. Church. A most delightful day is anticipated and it is expected that a large crowd from the city will go. The steamer Wilmington will make trips at 9 A. M. and 2:30 P. M.

—Justice Bornemann yesterday morning found probable cause in the charge made against W. B. Sidbury, colored, that he sold whiskey to Burthe Davis, colored, and the case was sent to the Recorder's court. Gurthe Davis was charged with the larceny of $5 from Sidbury. The justice dismissed the case for the lack of sufficient evidence.

Before Justice Bornemann at 1 o'clock yesterday afternoon Lena Blocker, daughter of a colored preacher, was tried on a peace warrant sworn out by Janie Robinson, colored, the case having been continued from Saturday. Brooke G. Empie, Esq., appeared for the prosecutors and Herbert McClammy, Esq. for the defendant. Justice Bornemann decided that there was not sufficient evidence and dismissed the case.

—Friends here will be interested to learn that Mr. Thos. L. Speiden has recently accepted a position in the traffic department of C. C. & O. railroad and expects to leave next Sunday for Johnson City, Tenn., where he will make his home. He will be accompanied by Mrs. Speiden. They have many acquaintances who regret to know they are to leave.

—In Justice Bornemann's court today the remaining five cases again Z. H. Barnes, collector for Edge & Co., for false pretense, will be tried. He has demanded a trial by jury and the necessary jurors will be summoned. It will be recalled that he was tried in one of the cases last week and found not guilty. R. L. Sellars, collector, for Furlong & Co., is the prosecutor.

—Ralph Kennedy was given a hearing before Justice George Harriss yesterday afternoon on a peace warrant sworn out Saturday night by E. B. Snipes, the case having been removed from Justice Bornemann's court. The testimony in the case was heard, but the argument of counsel was continued until this morning at 10 o'clock. Herbert McClammy and Walter P. Gafford, Esqs., represent the prosecution and Woodus Kellum, Esq., the defendant. Justice Harriss required the defendant to give $200 justified bond pending the decision of the court. His attorney is surety.

JULY TERM SUPERIOR COURT

Convened Yesterday Afternoon With Judge O. H. Allen Presiding—Solicitor Duffy Ill—Judge's Charge to Grand Jury.

The regular July term of New Hanover Superior court for the trial of criminal cases convened at 2:30 o'clock yesterday afternoon with Judge O. H. Allen presiding. Owing to the fact that he had been working very hard for the past several weeks and needed a little rest Judge Allen did not arrive until afternoon, but court was opened by Sheriff S. P. Cowan at the usual time yesterday morning, adjournment being taken immediately. Solicitor Rodolph Duffy is ill at his home in Jacksonville, and in his absence the interests of the State are being looked after by his law partner, E. K. Koonce, Esq.

The selection of the grand jury required only a few minutes. The following were drawn, sworn and empaneled: J. W. Williamson, foreman; W. J. Mallard, L. M. Wilson, J. W. Kerr, Wm. Goodman, W. A. Taylor, Meares Harriss, W. M. Robbins, W. H. Best, T. E. Sprunt, R. I. Sinclair, John Turner, J. S. Williams, J. I. Vann, J. M. Jones, L. H. Shew, C. E. Carr, W. T. Farris. Mr. Robbins presented a certificate from a physician certifying that he was physically unable to be in court and Judge Allen requested the foreman to excuse him for the term.

Judge Allen's charge to the jury was very brief, consuming less than a half an hour, and while he did not attempt to cover in detail the criminal law of the State, stating that he thought the jurors were sufficiently acquainted with it, he touched briefly upon several matters of importance in the line of the duties of the jury. He said that instead of spending considerable time in explaining the criminal law he had recently been trying to interest the jurors in crime—to get to the bottom and find the cause. He thought that it was a practical question to ask and one that should receive the closest attention of the jurors and other good citizens. It is not the severe punishment that breaks up crime; the causes must be eradicated. He mentioned four great causes of crime—ignorance, idleness, neglected and abandoned children and intoxicating liquors—and dwelled at some length on each. The ignorant person is more susceptible to evil influences and is easily led to commit crime. The people must be educated. They should not only be developed mentally, but physically and morally. What can a grand jury do? he asked, and then proceeded to answer by stating that it could inquire into the school conditions of the county; ascertain whether or not the sanitary conditions are good, and suggested that it summons the superintendent of education and superintendent of health to give them any desired information. He said that he had often mentioned that the best report he had ever received was from a New Hanover county jury, which had visited the city school buildings and found that the sanitary conditions were not the best.

A great majority of the criminals, he said, gave evidence of the fact that their early training was not such as to fit them for the best in life; that they were neglected or abandoned by their parents and allowed to grow up in ignorance and idleness. They naturally drift to crime. He charged the jurors that if they knew of any such children to report them to the Court so that guardians could be appointed or they could be bound out.

He dwelt at length upon intoxicating liquors as a fruitful source of crime, stating that the great bulk of crime was caused either directly or indirectly by whiskey. He thought that at least 85 per cent. of the criminal cases were attributable to whiskey. He had often remarked that if whiskey was taken out of the docket there would be nothing for the court to do. It is an accepted fact, not advanced by fanatics, but by students and is proved by statistics, said the judge. He called attention to the fact that all the States of the Union were voting out whiskey and recently England, Germany and Russia had become aroused over the whiskey traffic. He then mentioned the North Carolina prohibition law, passed by a direct vote of the people, the only law of the kind ever on the statute books. He charged the jurors that if they knew of any violations of this law that it was their sworn duty to make presentments against the violators. He admitted that it was a hard question to deal with, but the issue must be met and dealt with. He realized that it would take some time—nothing is accomplished in a day—to rid the State of the traffic. The conditions have changed and the liquor traffic must be regulated according to the new way of doing things. The future of the children demands it, he said.

He requested the jurors to visit the County Home and convict camp in a body. He was sorry that it was not practical to send the jurors to every school building in the county. He said that his recollection of the County Home was that the county had a fine institution, but could be improved. In speaking of convict camps he said that in some counties the prisoners are not properly treated while in others they are treated too well. He had heard no complaint from this county, however. He said the convicts were criminals, but they are also human and must be looked after and treated kindly while they are being worked.

The remainder of the session was taken up in calling over the docket. D. W. Teachy, violating building laws, was called and failed, and bond declared forfeited. Maggie Murphy, disorderly conduct, an appeal, nol prossed. John Hargrave, interfering with officer, nol prossed with leave. Richard Aust, white, retailing, heard at the last term and resulted in mistrial, was nol prossed with leave, on account of the non-appearance of the principal witness.

The case against B. Cox, charged with house burning, was continued until next term; bond to be renewed. This case was heard at the last term and resulted in a mistrial. The case against C. A. Carroll, pickpocket, who gave $75 bond for his appearance at the last term of court, was nol prossed.

The case against Ben Barge, Jr., colored, for the murder of another negro last Fall, was called. Judge Allen instructed the officers to notify Wm. J. Bellamy, Esq., counsel for the defendant, that the prisoner would be arraigned this morning. It is now thought that the case against Joseph Stevens for the murder of Ernest R. Shields will be tried at this term. The time for trial will very likely be agreed upon today.

The court took a recess at 4 o'clock until 10 o'clock today.

ALDERMEN MEET THURSDAY

Will Confer With Board of Audit and Finance in Regard to Several Matters—Suggestion for Public Park.

At the request of several members, Mayor Walter G. MacRae yesterday issued a call for a special meeting of the Board of Aldermen to be held Thursday afternoon at 4 o'clock and by request, it is expected that members of the Board of Audit and Finance will also be present.

There are a number of municipal affairs for discussion but the conference will be primarily for settling definitely upon the matter of the street cleaning over which the two boards have been at loggerheads for some time. It is believed now that an understanding will be reached amicably and that this matter will be settled definitely so that there will be no further delay in the matter.

Another matter that promises to be of some general interest is the question of street improvement in the southern section of the city to connect with the macadam road to be built into Federal Point township, work on which has already begun. While the original appropriation was for this connection via Third street, certain property owners on Second street in the southern part of the city claim that theirs is the most direct route and will make a strong pull to have the connection built on that street. At the invitation of the County Commissioners, who are building the road, Mayor MacRae will go out to Greenfield this morning and furnish a plat of the proposed connection from Greenfield mill bridge, which will be rebuilt and established a little below the site of the present bridge. Property owners on Second street threaten the city with an injunction preventing any street improvement at all unless their route is adopted.

Still another matter of much interest will be the recommendation of the Public Building Committee of the Board of Aldermen that the main entrance to the theatre be made through the hall of the public building. Mayor MacRae and several of the Aldermen are known to be opposed to this idea on the ground that it would not only divert the building almost entirely to theatrical purposes, but that an entrance through that way would not only be dangerous but would seriously impede the transaction of business in municipal offices adjacent. These and other objections will be strongly urged against the proposition.

Mayor MacRae has also advanced an idea which will undoubtedly lead to the establishment of a much needed public park, if the idea can be carried out. His idea is to extend a macadam street from the Castle street extension by the Marine Hospital, an improvement that is badly needed. The building of such a street would put the city in position then to apply to the Treasury Department of the National government for permission to use two or three of the squares in that vicinity for a public park. Such permissions have been granted to many other cities and Mayor MacRae believes that there will be no trouble in getting the concession for Wilmington. The matter would receive the unanimous support of the people at large, should the city authorities think it worth while to advance the project.

ONE YEAR ON ROADS

John Richards Found Guilty of Stealing Cow—Other Cases.

The Recorder's court yesterday morning was held in the old police court room in the City Hall. The most important case on the docket was the one in which John Richards, colored, charged with the larceny of a cow from Mr. Charles Rogers, was the defendant. Woodus Kellum, Esq., appeared for the prosecution. Geo. L. Peschau, Esq., announced his retirement as counsel for the defendant before the trial The Recorder found him guilty and sentenced him to one year on the county roads. No appeal was taken.

Sarah Slater, colored, was sent to the county farm for 30 days in default of $5 and costs for vagrancy. M. G. Silvia was found guilty of drunkenness and disorderly conduct and fined $5 and costs. He was tried in June on a similar charge and was recognized for the amount of the fine and costs. The Recorder required him to pay the fine and costs in both cases yesterday. The cases against Ralph Kennedy and E. B. Snipes, charged with an affray, were continued until today at the request of Mr. Snipes.

A case against W. B. Sidbury, colored, for selling whiskey to Gurthe Davis, colored, sent up from Justice Bornemann's court, was called, but continued until Thursday at the request of Woodus Kellum, Esq., counsel for the defendant.

Married Sunday Afternoon.

Sunday afternoon at 1:30 o'clock at the home of Mr. C. W. Clark, 407 Harnett street, Miss Lillie Wilson was united in marriage to Mr. John D. HIGHWAY ROBBERY CHARGED

Two Negroes Relieve Another of $85 in Money, Watch and Railroad Ticket—Arrested in Hamlet. Preliminary Hearing.

Charged with highway robbery, committed at corner of Sixth and Red Cross streets, late Saturday night, William West and Wesley Taylor, colored, arrested in Hamlet Sunday and brought back here yesterday, were given preliminary trial before Justice George Harriss at 4:30 o'clock yesterday afternoon. William Lumpkins, colored, was the prosecuting witness. Probable cause being found the defendants were sent up to Superior court and in default of bond in the sum of $500 each went to jail.

All three of the negroes came here last week on the Atlanta excursion and were well acquainted; in fact had been loafing around together all day Saturday. Lumpkins testified that late Saturday night he met up with West and Taylor near corner of Sixth and Red Cross streets and they told him that a short distance away he could get some whiskey. He accompanied them. Instead of carrying him to a "blind tiger" they carried him to a dark place, where Taylor held a pistol in his face while West went through his pockets, securing $85 in money, a gold watch and a railroad ticket to Atlanta. Taylor stated that they won the money, watch and railroad ticket from Lumpkins in a game of "crap."

The negroes were arrested in Hamlet Sunday morning by a Seaboard watchman, who wired the chief of police of the capture. The county officials were communicated with and Patrolman R. L. Rouse went to Hamlet after the prisoners. West had picked the lock in his cell and would probably have escaped had not the officers arrived at the calaboose just when they did. The Hamlet officers found a pistol, the watch identified as belonging to Lumpkins, and $2.55 on the person of the negroes. Officer Rouse searched the negroes again when he took them out of prison and found $1.72 additional. They said that was all the money they had. After arriving at the county jail the negroes were more thoroughly searched and carefully sewed in the waistband of each was a roll of bills, $6 in one and $10 in the other.

Both negroes have been arrested in Atlanta. Taylor said that he had been up several times for gambling. West said that he was arrested once on suspicion of car robbery.

LARGE AMOUNT OF DAMAGES

Complaint Filed in Case of Mrs. Gregg Against City of Wilmington.

The complaint in the big damage suit of Mrs. Sue M. Gregg, administratrix of E. M. Gregg, against the City of Wilmington, was filed with the Clerk of the Superior court yesterday. When the case was started Mr. James F. Woolvin, in front of whose new building Mr. Gregg was killed, was made joint defendant, but from the complaint Mr. Woolvin will not be a party to the action. The amount of damages asked is $25,000.

It will be recalled that Mr. Gregg was killed about 8:30 o'clock on the morning of April 5th last in front of the new building being erected by Mr. Woolvin on Princess street. Mr. Gregg had started to his place of business and stopped at that point to speak to a friend while a car passed. They were standing near a high pile of brick and other building material, which collapsed, killing Mr. Gregg almost instantly. The complaint alleges that the city allowed the material to stay piled up in that manner for a period of three weeks, and continues: "That in permitting the brick to be so piled and left for such a length of time, the said Woolvin was guilty of failure to perform the duty which he owed to all pedestrains using said street, and was guilty of gross negligence, and the defendant, the city of Wilmington, was also guilty of negligence and a failure of its duty in permitting the said bricks to remain piled in the manner hereinbefore stated, after having knowledge, or an opportunity to know, of their insecure and dangerous condition; that said E. M. Gregg was killed by the negligence of the defendant, the city of Wilmington."

Hon. John D. Bellamy and Messrs. Rountree & Carr are attorneys for the plaintiff.

WILL RAISE POINT OF LAW.

Brokers Refuse to Pay License Claiming They Are Exempt.

It is understood that Sheriff S. P. Cowan expects to present to the grand jury today the names of those who have failed to pay the special license taxes as required by law. A large number received their receipts yesterday. There are only three who have not yet paid and two of these are brokers, who have refused to pay the tax on the ground that they are exempt.

It is understood that they claim their business is exclusively confined to soliciting orders from jobbers and wholesalers within the State, as agents for non-resident firms and corporations, for goods to be shipped by such non-resident firms and corporations to the jobbers. The payment of the tax was refused on the advice of Geo. L. Peschau, Esq., on the ground that it is an invasion upon the commerce clause of the constitution which provides that Congress alone shall legislate with reference to Interstate commerce. If the effort to collect the tax is pushed it will be vigorously resisted. It is proposed to make test cases of them and Mr. Peschau is confident of winning.

DR. JAMES H. FOSTER CALLED

Prominent Alabama Divine Called to Pastorate of First Baptist Church to Succeed Rev. Fred D. Hale—Will Accept.

At a largely attended meeting last night of the congregation of the First Baptist church, Rev. J. H. Foster, of Anniston, Ala., was unanimously extended a call to the pastorate of the church to succeed Rev. Dr. Fred D. Hale, who resigned some weeks ago to accept the pastorate of a church in Dallas, Texas. The congregation has assurances that Dr. Foster will accept the call and come with his family to begin his new work the first of October.

The pulpit committee, composed of Messrs. John R. Hanby, chairman; W. C. Peterson, Fulton Allen, Wm. Struthers, Jr., and W. A. Whitney, made its report, recommending that the call be extended to Dr. Foster. The congregation unanimously adopted the report of the committee.

Dr. Foster was heard by the congregation a few weeks ago and he made a profound impression upon his hearers. He was accompanied here by his charming wife and both made many friends during their brief stay. They will be heartily welcomed upon their return here to reside. Dr. Foster has been pastor of one of the leading Baptist churches in Anniston for the past 15 years and the congregation there will give him up regretfully. The members of the Wilmington church deem themselves exceedingly fortunate in receiving the assurances that Dr. Foster will accept the call extended to him.

Dr. Foster will be notified at once of his call and an early reply is expected.

MISS WATTERS' DEATH.

Occurred in Jacksonville Saturday. Funeral and Burial Here.

The remains of Miss Elizabeth Jordan Watters, daughter of Mr. and Mrs. H. H. Watters, who formerly resided in Wilmington, reached here yesterday afternoon from Jacksonville, Fla., where her death occurred Saturday, and the funeral was held from St. James' church at 5 o'clock.

Miss Watters was 22 years old and had been ill since last May, suffering from typhoid fever. Her death was learned of here with the deepest sadness and the tenderest sympathy for the family. The deceased had a large concourse of acquaintances in this city, where she had made her home for many years, prior to the removal of the family to Jacksonville three years ago. The sad services at St. James' church were conducted by Rev. T. P. Noe and a large number of sorrowing friends attended the last sad rites.

Of the immediate family she is survived by her parents, Mr. and Mrs. H. H. Watters, and a sister, Miss Sophie Waddell Watters. There are also two uncles, Mr. J. H. Watters, of this city, and Mr. John S. Watters, of Charlotte, and two aunts, Mrs. N. H. Quince and Miss Hattie Pritchett, of this city.

At the conclusion of the services at St. James, the remains were conveyed to Oakdale cemetery, where they were interred. The following were the pallbearers: Messrs. William L. DeRosset, Jr., W. G. Pulliam, Willie Watters, B. G. Empie, Waddell Watters and Stone Pulliam.

UNDERWRITERS NEXT WEEK

Arranging For Annual Convention at Seashore—Committee Named.

The annual convention of the North Carolina Fire Underwriters' Association, which has recently been announced for the first week in August at the Seashore Hotel at Wrightsville Beach, promises to be one of the best attended and most interesting annual gatherings at the Beach this season, and a number of special features will be arranged to entertain the delegates who will be present from all parts of the State.

It is probable that there will be some 200 representatives in attendance. Mr. J. M. Harrell, secretary of the Association, has been in communication with Mr. Edgar L. Hinton, the proprietor, notifying him that the convention will be held and requesting him to perfect all arrangements. During the convention the Tidewater Power Company will give another of their delightful special dances on the evening of August 4th in honor of the visitors.

A committee selected from the local members of the Fire Underwriters' Association, who will arrange for the entertainment of the visitors are Col. Walker Taylor, Lieut. Col. John VanB. Metts, Messrs. S. M. Boatwright, Clayton Giles, Jr., and James Owen Reilly.

BUILDING NEW FRONT

Improvements to Honnet's Jewelry Store—Other Buildings.

A building permit has recently been issued for handsome improvements now in progress on the jewelry store of Mr. Geo. Honnet, which will cost $2,000. The entire front of the store and building adjoining is being torn away by Mr. B. H. Stephens, the architect and contractor. The work is being carried on rapidly and will be completed in the course of a few weeks. The business is continued as ever, with a side entrance to the store from the Purcell alley.

Other permits issued during Saturday and yesterday were to Louis Davis, dwelling, between Wooster and Queen streets, to cost $300; Tallie K. Allen, two residences, corner of Sixth and Nun streets to cost $2,900; D. N. Chadwick, store, corner of Eighth and Nixon streets, at cost of $500.

Steamer Lyon Ashore.

Advices were received yesterday morning from Walker's Bluff, about 50 miles up the Cape Fear river, that the steamer C. W. Lyon, Captain Bradshaw, which plys between this city and Fayetteville, is fast aground. The steamer has been there since Saturday morning and it will doubtless be necessary for her to discharge part of her cargo before she will be able to proceed. The trouble is on account of low water.

FARMERS' INSTITUTE

Several to Be Held in This Section During August.

Mr. T. B. Parker, of Raleigh, director of Farmers' Institutes, announces several institutes to be held in this section during the month of August and a large attendance of the farmers and their wives at each of the gatherings is urged. These institutes are held in every agricultural county in the State each year and are of incalculable benefit to the farmer. Mr. Parker says: "There is, to my mind, a bright future for agriculture in North Carolina, but it will be necessary for many of our farmers to supplant many of their antiquated methods and adopt more rational ones, such as have proven to be better."

The following are the places and dates the institutes will be held in this section: Castle Hayves, August 11th; Burgaw, August 12th; Leland, August 13th; Whiteville, August 14th; Chadbourn, August 16th; Tabor, August 17th.

RARE MUSICAL TREAT

Small Audience of Music-Lovers Heard Master Beryl Rubinstein.

A small but thoroughly appreciative audience attended the recital of Master Beryl Rubinstein, the musical prodigy, in the lecture room of Grace Methodist Church last night. In the audience were a number of well known local musicians, all of whom pronounce the work of the young artist as something wonderful for one of his age. He rendered some of the more difficult compositions in a manner that would have done credit to trained artists. The frequent applause of those in the audience signified their keen appreciation of the efforts of the young musician. Those who failed to hear him missed a rare musical treat.

Serious Offense Charged.

John Louis Smith, colored, was arrested Saturday on the charge of stealing brass from the Naval Reserves boat "Chase" and lodged in the city prison. He was afterwards turned over to Deputy United States Marshal Knox and committed to the county jail, on a warrant sworn out before United States Commissioner George Harriss. Geo. L. Peschau, Esq., appears for Smith. It is understood there are two or three others implicated in the robbery. Commissioner Harriss declined to give out any information at present regarding the robbery.

SPIRITS TURPENTINE

—Southern Pines, July 25.—This is one of the best fruit seasons the Southern Pines territory has ever known. The orchards have kept the available labor well employed and some of the shipers have sold their crops for nearly enough to pay for their orchards.

—Boone Democrat: There were three large bunches of lambs passed through the village on Monday, having been gathered by dealers for the Northern markets. They are selling at a fancy price this season, and it seems that they will soon all be driven out of the county. The trading firm of Shipley & Southerland have handled 3,000 lambs thus far this season, and will continue to buy for two weeks or more yet.

—Salisbury, July 25.—Today closed the second anniversary of Rev. Dr. Byron Clarke's pastorate of the First Presbyterian church in this city and of which he spoke in pleasant terms at the morning service. This congregation has much in view for the coming year, one important thing being the improvement of the valuable property owned by this church. In the absence of Dr. Clarke, who goes on his vacation in a few days, Rev. Dr. E. H. Robbins, of Baltimore, Md., will fill the pulpit.

—Stanley Enterprise: All the local mills declared a semi-annual dividend on last Thursday of 4 per cent. This is a large step forward for the Lillian Knitting Mills, which recently increased its capacity about 25 per cent. and is now installing new machinery. Our mills are strictly in the first rank, and the new mills now under process of construction emphasize the success that has attended the management. John S. Efird becomes president of the Lillian Mills, vice, R. A. Crowell, resigned. It may be noted that of the $30,000 paid out as dividends, no less than one-third goes into the hands of our home people.

—Rutherfordton, July 24.—Willie Blanton was acidentally killed by being run over by a heavily loaded lumber wagon on the Coxe road, about a mile from this town, late yesterday afternoon. The little boy was between 11 and 12 years of age, and the accident occurred while he was attempting to get on the wagon while it was in motion. He made an attempt to step on the broke, but missed his foothold and fell between the wheels which passed over his breast and mashed him to death. He lived only a short while.

—Salisbury July 25.—A terrible tragedy, whether suicidal or accidental, is not positively known, occurred at Organ church, this county, about 12 miles southeast of Salisbury, just before noon today. Mr. Henry Kluttz and family had gone to Lutheran Organ church to worship, leaving a young son, Clarence, aged about 20 years, at home, he having been complaining of feeling unwell. When the family returned from the services to their home they were horrified to find the young man lying across the bed in his room dead with a rifle ball through his heart and the weapon, a small rifle, lying by his side.

—Asheville, July 24.—Interest in the trial here of 18 alleged violators of the prohibition laws, arrested on warrants sworn out by Detectives Hubbard, Bridgers and Adams, is at fever heat with the court room at the county court house crowded. Yesterday counsel for the defense made a vigorous assault on the moral characters of the detectives and gummed them up bad with lewd women. It was stated today that after the hearing ends, which will probably be Tuesday, there will likely be arrest and bail proceedings started against the detectives. The effort of the defense conducted by Hon. Thomas Settle, is directed toward breaking down the testimony of the detectives and showing to the court that men should not be convicted on the evidence of men such as Adams, Bridgers and Hubbard.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 26.—There was only a moderate business in the cotton market today with sentiment continuing unsettled and fluctuations irregular. The close was steady at a net decline of 5 to 9 points. The opening was barely steady at a decline of 1 to 7 points and shortly after the call the market sold about 11 to 14 points net lower under liquidation and local bear pressure encouraged by disappointing cables and fairly good weather in the South. Covering checked the decline and during the middle of the day the market sold up to a net advance of 4 to 5 points (December rallying from 11.92 to 12.10) on a bullish private condition report suggested a deterioration of 5 per cent. in the crop promise since the end of last month, buying by early sellers and some support from bullish sources. The demand did not broaden on the advance, however, and as soon as shorts had supplied their requirements the market again weakened to 10 from 10 to some 12 points off from the top. Official weather reports indicated no further precipitation of consequence in Texas, but conditions there were not considered actively unfavorable following the recent rains; the weather being partly cloudy with showers forecasted for North Texas tonight or tomorrow. Several private condition reports are expected between now and the end of the week as the August bureau will be published at noon next Monday and aside from the scalping tactics of local professionals today's trading seemed to be more in the way of evening up than for fresh account. Strength in the dry goods market probably helped the rally during the middle of the day but there is no appearance of an improved demand from spinners. Southern spot markets were unchanged to 1-8c higher.

Spot cotton closed quiet, 5 points lower; middling uplands 12.45; middling gulf 12.70; sales 100. Futures opened barely steady and closed steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, July 26.—The week opened with the cotton goods market firm and with a moderate demand reported. An advance in staple prints was announced to a basis of 5 cents for staple fabrics American, and 4 3-4 for shirting. This advance was followed at once by some printers and not by others. It is expected that the advance will be made general within a short time, but there are printers who expect to see a higher basis named within a few weeks. With a very strong gray cloth margin and a moderately active market on the finished goods, the conditions are still favorable to the buyer, particularly so when the wide variety of pattern and color effects offered as staple prints are taken into consideration.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, July 26.—To all intents and purposes the stock market was stagnant today. There was a brief period of activity right after opening and some stirring towards the close again. In the interval business was practically at a stand still and the tucker recorded a rare transaction only at long intervals.

The speculative contingent seemed determined to await the outcome of the United States Steel dividend meeting which is not expected to be known until after the market has closed tomorrow. The indications of further delay in the adjustment of the tariff controversy at Washington seemed to have some effect in discouraging any activity in the market. All other considerations were ignored. The abundant rains reported in the corn belt were accepted as highly gratifying. More interest centers at present in the corn crop than in any other from the speculative standpoint. Trade news of steel was good.

The price of United States Steel was run down to 69 3-4, but met support about 70. Amalgmated copper was unfavorably affected by the renewed decline in copper metal in the London market. Bonds were steady. Total sales, par value, were $2,015,000. United States bonds were unchanged on call. Total sales today were 323,000 shares.

S.S.S. NATURE'S PERFECT TONIC

Something more than an ordinary tonic is required to restore health to a weakened, run-down system; the medicine must possess blood-purifying properties as well, because the weakness and impurity of the circulation is responsible for the poor physical condition. The blood does not contain the necessary quantity of rich, red corpuscles, and is therefore a weak, watery stream which cannot afford sufficient nourishment to sustain the system in ordinary health. A poorly nourished body cannot resist disease, and this explains why so many persons are attacked by a spell of sickness when the use of a good tonic would have prevented the trouble. In S. S. S. will be found both blood-cleansing and tonic qualities combined. It builds up weak constitutions by removing all impurities and germs from the blood, thus supplying a certain means for restoring strength and invigorating the system. The healthful, vegetable ingredients of which S. S. S. is composed make it splendidly fitted to the needs of those systems which are delicate from any cause. It is Nature's Perfect Tonic, free from all harmful minerals, a safe and pleasant acting medicine for persons of every age. S. S. S. rids the body of that tired, worn-out feeling so common at this season, improves the appetite and digestion, tones up the stomach, acts with pleasing effects on the nervous system, and reinvigorates every portion of the body. Sees Mother Grow Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c at R. R. Bellamy's.

FLEW OVER CHANNEL

(Continued From First Page.)

gold cup offered by Captain Wyndham for the first flight across the English Channel. It will be presented to the French aviator at the Aeroplane Club dinner August 9th.

Aeronautical experts here regard M. Beriot's feat as a vindication of the monoplane type of machine over the bi-blade. The Frenchman's machine carries a greater weight in proportion to its plane surface than any other type, which is considered a great advantage.

At a luncheon at his hotel he was presented with the $5,000 prize won by him. He was handed the 1,000 pounds in bank notes in a splendid silver cup.

It was announced at the luncheon that the Aero Club of Great Britain had decided to present M. Bleriot with a gold medal similar to the one conferred on Wilbur and Orville Wright, the American aeroplanists, in London last May.

France in Delirium of Joy.

Paris, July 26.—The whole of France is wild with enthusiasm over Louis Bleriot's feat in crossing the English Channel yesterday. All the newspapers are filled with dithyrambics which reflect the national pride at the splendid era-breaking achievement of French prowess while the pioneers of aviation like Ernest Archdeacan, Georges Boisin, Rene Quinton, Count Henri de LaVaulx and Henri Farman, foresee the time in the near future when heavier-than-air machines carrying passengers will navigate the Mediterraneon from France to Algeria and the possibilities of the aeroplane as an engine of war are discussed anew.

Interviewed regarding the Bleriot flight, M. Archdeacon said: "I rejoice in the glory of France, in the impetus given to the new French industries and because I persuaded M. Bleriot when he failed with a wing-flapping machine, to continue his efforts with a Farman monoplane.

Quinton repeatedly predicted that England in five years would cease to be an island.

Count Henri de LaVaulx, while enthusiastic over Bleriot's achievement, insists that the spherical balloon must not be forgotten. He considers its utility incontestable and he expects that balloons ultimately will be equipped with a motor.

Lambert Will Make Attempt.

Wissant, France, July 26.—Count de Lambert today telegraphed to the authorities at Calais asking that torpedo boats be held in readiness tomorrow morning when he will attempt to duplicate Louis Bleriot's achievements in flying across the English Channel.

Wright Brothers Decorated.

Paris, July 26.—Orville and Wilbur Wright, the American aeroplanists, of Dayton, Ohio, and Henry Farman, the English aeronaut, were today decorated with the legion of honor for their achievements in aviation. Hart O'Berg, the European business manager of Wright Brothers, and Alberto Santos-Dumont, the Brazilian aeronaut, were promoted to be officers of the legion of honor.

America to Build Airships.

Columbus, O., July 26.—The first airship company formed in Ohio was chartered by Secretary of State today. The company, a Cleveland concern, with a capital stock of $25,000, is authorized to manufacture and sell airships, aviators, aeroplanes, and to transport passengers and freight through space.

American Flyers.

Washington, July 26.—Owing to the prevalence of a brisk wind, Orville Wright did not attempt the official endurance test, but took up the machine in a short trial flight of two and a half minutes.

St. Louis, July 26.—The balloon University City, in which John Berry, pilot, Paul J. McCullough and John S. Thurman ascended here last night in an effort to capture the Lahm cup, landed this morning at Savanna, Ill., after being in the air 11 1-2 hours. Savanna is about 251 miles from St. Louis. A brief message announced that the ballonists drifted into a slow storm and had to descend.

J. Hicks Bunting Drug Co.'s New Departure.

After two months of remarkable sales, J. Hicks Bunting Drug Co., the enterprising druggists, say that their plan of selling at half price the regular 50 cent size of Dr. Howard's specific for the cure of constipation and dyspepsia, and guaranteeing to refund the money if it does not cure, has been the greatest success they have ever known.

They have sold hundreds of bottles of the specific; and as yet have not had one returned, although they stand ready at any time to refund the money should any customer be dissatisfied.

Anyone suffering with dyspepsia, constipation, liver troubles, headaches, dizziness, coated tongue, or the general tired feeling, caused by inactive liver and bowels or disordered digestion, should take advantage of J. Hicks Bunting Drug Co.'s new departure and buy a bottle of Dr. Howard's specific at half price, with their personal guarantee to refund the money if it does not cure.
